"Danny" Duane Is After Bout Here

Grack New York Lightweight Wants to Meet Britt, Gans or Nelson in This City.

Danny Duane, a New York claimant for the lightweight championship, is anxious to fight in this city. In a letter to the Tribune the Gothamite, through his manager "Johnny" Mack, says he is willing to meet either Gans, Britt or "Battling" Nelson here for a side bet. A local promoter is now corresponding with Duane and it is possible that he may be seen here before long with one of the topnotchers.

Duane is 22 years old and has a good record. He has beaten most all of the record. He has beaten most all of the eastern youngsters including Charlie Seiger, who has a draw with Jimmy Britt, and Dave Holly, who fought a ten round draw with Gans. In speaking of Duane a New York paper

Duane combines everything that goes Duane combines everything that goes to make a lightweight champion. He can weigh under the lightweight limit any day in the week and be strong. This is something which neither Gans or Brittcan do without weakening themselves.

"Duane also has the physique which is so important. He is well put together, and his body is a model of symmetrical beauty. There is not a part of him that could be held up for improvement. His limbs are strong and symmetrical, and his arms and chest appear to be even better than those possessed by Gans.

"A comparison of the records of both men point out that Duane can put men to the bad quicker than the champion can. He has landed Selger no less than three times, and all bouts were fastered quicker finished than the Gans bouta. Dave Holly was beation to a pulp by Duane in six rounds, and a few weeks later Holly received a ten round draw with Gans at Lancaster, Pa."

AN OBJECT LESSON

In a Restaurant.

A physician puts the query: Have you never noticed in any large restaurant at lunch or dinner time the large number of hearty, vigorous old men at the tables;

never noticed in any large restaurant at lunch or dinner time the large number of hearty, vigorous old men at the tables; men whose ages run from sixty to eighty years; many of them baid and all perhaps gray, but none of them feeble or sentle? Perhaps the spectable is so common as to have escaped your observation or comment, but nevertheless it is an object lesson which means something.

If you will notice what these hearty old fellows are enting, you will observe that they are not munching bran crackers nor gingerly picking their way through a menu card of new fangled health foods; on the contrary they seem to prefor a juicy roast of beef, a properly turned loin of mutton, and even the deadly brolled lobater is not altogether ignored.

The point of all this is that a vigorous old age depends upon good digestion and plenty of wholesome food and not upon detting and an endeavor to live upon bran crackers.

There is a certain class of food cranks who seem to believe that meat, coffee and many other good things are rank poisons, but these cadaverous sickly looking igdividuals are a walking condemnation of their own theories.

The matter in a nutshell is that if the stomach secretes the natural digestive juices in sufficient quantity, any wholesome food will be promptly digested. If the stomach secretes the natural digestive folices in sufficient quantity, any wholesome food will he promptly digested. If the stomach secretes the natural digestive since in sufficient quantity, any wholesome food will he promptly digested. If the stomach does not do so, and certain foods cause distress, one or two of Stuart's Dyspensia Tablets do not act upon the bowels and in fact are not strictly a medicine, as they act almost entirely upon the food eaten, digesting it thoroughly and thus giving the stomach a much needed rest and an appetite for the next meal.

Of popple who travel, nine out of ten use Stuart's Dyspensia Tablets, knowing

"U" MEN LAGGING.

Varsity Regulars and "Scrubs" Have Been Loafing This Week.

A football rally will be held at the iniversity this morning for the purpose of stimulating interest in the coming game between the varsity eleven and the Agricultural College team, which takes place at Cummings field one week from Saturday. This is the biggest game of the season and the one that will decide the season and the one that will decide
the Utah championship and the "U"
rooters are leaving nothing undone to
secure victory for their aggregation.
During the past few days there has
been a disposition on the part of several
of the regulars and many of the "scrubs"
to loaf and as a result the team has not
been making the progress that it should.
Last evening there was scarcely a complete line-up out and many of these did
not report until a late hour.

Think the Aggres Easy.

Think the Aggies Easy.

There seems to be an impression pre-valent among several of the "U" play-ers that the game with the Aggles will be an easy affair. Some of them seem to look upon it as a certain victory for the varsity team and as a result these men have been rather lax in their prac-tice.

Last evening Coach Maddock called the scuad together and informed them that he anticipated one of the hardest games of the season when the "U" team meets the Aggles. He talked seriously to his nen and urged them to be more faithful in their work. As a result the members of the squad volunteered to report one hour earlier until after the contest.

This morning an appeal will be made to the "acrubs" and class teams to come to the rescue. The first team needs practice and unless the "props" and class men come forward they cannot have it. An effort will be made to have at least fifty men out in suits tonight. Last evening Coach Maddock called the

High School vs. All Hallows.

At Walker's field next Saturday after-noon the West Side Highs and All Hal-lows College football teams clash for the second time this year. At the former meeting the collegians were beaten by a good-sized score but they have been working hard and expect to give the high school aggregation a stift brush for first honors. If the All Hallows eleven can win to

if the All Hallows eleven can win to neorow's game it will place them in lin-for the inter-scholastic championship of the State. They will then be on ever terms with the west siders and anothe game will be required to settle the dis-rotte.

Utah Outclasses All Other States.

Not One Shows Anything Like Same Percent of Increase.

President's Majority Over Parker Will Probably Reach Twenty-Eight Thousand.

Theodore Roosevelt and Charles W. Fairbanks have carried Utah by fully 27.-000, and it may be 28,000. Semi-official figures and estimates based on partial returns in the table below show 26,561. These figures will probably be slightly increased. The great increase over McKinley's maority in 1900 of 2133 puts Utah far in the end of other States. No State, based on its voting population, has made anything like the gain Utah has. This, it is be lieved, will be found difficult of explain-

Heved, will be trained and Roosevelt ing.

Howell and Cutler ran behind Roosevelt in every county heard from. Their total loss far exceeds the total of the American party vote and points fercibly to their unpopularity in the State.

The Republican State ticket is elected by majorities ranging from 12,000 to 20,000. The successful candidates follow:
Congressman—Joseph Howell
Justice of the Supreme Court—Daniel N. Straup.

Governor—John C. Cutler. Secretary of State—Charles S. Tingey. Attorney-General—M. A. Breeden. Auditor—J. A. Edwards. Superintendent of Public Instruction-A

Superintendent of Public Instruction—A. C. Nelson.

Here is a list of the probable majorities by counties. More than half are estimated, but are believed to be approximately correct. Accurate returns are not obtainable and will not be before the official canvass is made—about the last of next week. It is believed the American party polled 800 votes in the State.

it in a long post-election battle with downtown whisky. He was leaning against an iron railing near the Wilson hotel looking thoughtful.

At this particular stage of the game the aggregation of supes that advertise "In Darkest Russia" drifted down the street. By way of explanation to those who haven't been down town much during the past week it may be said that the band in question is dressed as Siberian convicts, chains and all, and is herded by a very victous-tooking "Russian" officer. The whole thing looked at first sight like a bright hued chain gang gone astray. The busy man heard the clank of the fetters and looked up.

As he did so the officer in charge of the pseudo convicts was attracted by a neatly shod woman who was crossing the street. He forgot his "prisoners" and stood on the edge of the curb to make a prolonged inspection of burnt orange hestery. But the "convicts" had no thoughts of ankles and they plod stollidy on.

Impressed with the idea that the city chain gang now had the opportunity of their lives he slipped up to the much fettered group who had now reached a point almost opposite Pium alley. "Say," raid he, "slip across the street an' up that alley quick. It's the best chance 'ou'll ever get."

The ponvicts proceeded unheeding much to the disgust of the would-be heneracter, who sought solace in a hearby bar.

MORE THAN FAIR

Read F C Schramm's Guarantee Bond That Mi-o-na Will Cure the Worst Case of Dyspepsia.

The unique plan on which Mi-o-na is sold is more than fair. Unless it cures dyspepsia and all forms of stomach trouble, the purchase price is returned at once in accordance with the following guarantee bond:

GUARANTEE BOND.

I. F. C. Schramm, hereby agree to refund the money paid for Mi-o-na on return of empty box, if the purchaser tells me that it has falled to cure lyspepsia or stomach troubles. This guarantee covers two boxes, or a month's treatment. Price 50c per box. (Signed) ...

If it were not practically infallible in curing dyspepsia and the melancholy, sleeplessness, and weak nerves caused by that disease, F. C. Schramm could not afford to sell the remedy in this way. His faith in the medicine is so implicit that his guarantee bond is given with box he sells.

Begin the use of Mi-o-na today, as a few days' treatment will give relief, and its continued use, perfect health.

Team Crippled-Game Postponed.

The game scheduled for this afterneon between the University Juniors and Freshmen will probably be postponed because of the oripided condition of the Junior squad. Last evening the Freshment stated their determination of making the Juniors play or forfeit the game, but as the Juniors will not be able to get together enough men for a full team, it is believed that the Freshmen will allow the game to be postponed.

Eastern Traveling Man Criticises the Way Crossings Are Policed.

'In some respects Salt Lake City is a untry town," said a well-known Eastrn traveling man who makes frequent stops in the city. He was occupying one of the big leather chairs in the Kenyon lobby and nursing wrath which was, to may the least, excusable. "Your police force permits more out-

rages on the street than take place in any city of the Union," the traveling man went on. "And not least annoying of these, to say nothing of the menace it offers to life and limb is fast driving over crossings. I never saw anything in my life like the way in which the average teamstor, back driver, delivery boy and banana pedler whips up his horse or horses, as the case may be, the moment he comes to a crossing. He may walk them the entire length of the block, but it is a case of trot or gullog as zoon as the cross streets are reached.

"I suppose your police here don't know any better than to tolerate such knings. That is the most charitable exeme I rain find. They don't let it go on for the fun of watching it, do they."

"Now, I am naturally angry, for I have just come out from a little experience which sot my nerves on edge. I was crossing Main street on Second South, walking with my head up and keeping my oyes open, for I am accustomed to larger burgs than this and more crowded streets. I had gotten past the middle of the street and was approaching the opposite curb when, with a rish of hoofs and a cracking whip, a light delivery wagen offers to life and limb, is fast driving over
